OUR MISSION & VISION

Our mission is to effectively assist our clients to realize their construction and development goals. With over many years of experience in the construction industry, we understand that a project must meet all of its objectives including aesthetic, functional, operational and of course, financial. We also understand our clients' needs and we achieve them by providing development, design, construction, leasing and brokerage, as well as management services; either jointly or separately; all within an efficient financial framework. Turnkey Civil Constructions for the Multistoried Building and Residential Villas, Work Shops and Industrial Sheds and Infrastructure works including Water & Electricity facilities works (Civil). Interior Design & Decorations Works, all to the satisfaction and expectations of our clients and consultants.

To be the preferred provider of construction services and products: Our Clients select us because of our actions and positive results based on our track records. **Ali Abdullah Bin Malek Building Contracting** efforts are being guided by its core values, while creating positive experiences and lasting relationships. These relationships are manifested with the delivery of the highest quality services for the best value.

— OUR CORE VALUES —

Excellence:

Our Construction Division focuses its efforts on optimization of all projects from inception in terms of location, design, engineering, constructive systems and purchases, all of which result in saving time, and delivering quality & excellence.

Design:

Architectonic Design involves a variety of elements such as location, target market, time and cost considerations, purpose of the project, government and urban restrictions, as well as aesthetics. Our Design Division combines those elements to satisfy our clients' objectives.

Safety:

Safety is not just a company responsibility, but also an obligation to our employees, clients, consultants, subcontractors and the communities where we work everyday.

Conducive Workplace:

We have created an interdependent environment which supports ethical and professional growth all the while delivering excellence.

Customer-Centric:

Our purpose is to serve as an integral and visionary partner from the initial planning stages with our entire team, to map and commit the necessary resources to achieve our clients' desired results.

OUR SERVICES

We advise our clients regarding key issues that pertain to construct-ability, cost, quality, safety, and scheduling.

Our firm is rigorous in protecting the interest and confidentiality of our clients and our comprehensive approaches ensure success.

Our ultimate goal is to complete construction projects on time and budget, with the very best quality always in mind. **Ali Abdullah Bin Malek Building Contracting** provides expertise specifically tailored to the needs of each client in the following areas:

New Construction, Renovations, Pre-Construction,

Estimation, General Contracting, Design Building,

Take Over Services, Surveyor Services,

Design & Construction Turnkey Services, etc.
